

# What is Yorkshire and Humber Forensic CAMHS?

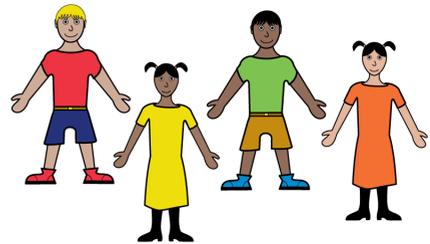

# What is Yorkshire and Humber forensic CAMHS?

Yorkshire and Humber forensic child and adolescent mental health service is part of the NHS.

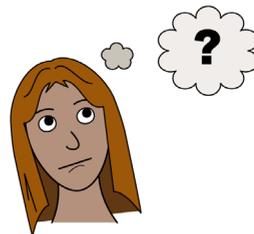

It is a service for young people,

Who may be harming themselves or others.

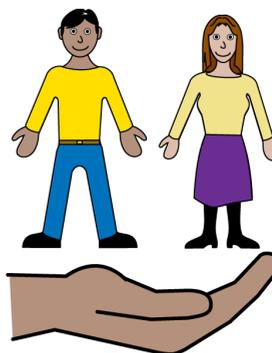

Why have I been referred to you?

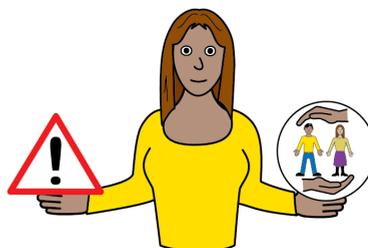

You may have been spoken to by the police,

Or someone else who works with you,

Because they are worried about your behaviour.

## What happens next?

Someone who works with you might ask us for advice.

Sometimes our team would like to meet you.

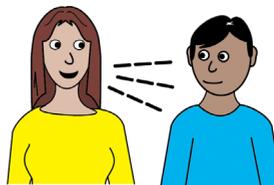

We will see you somewhere you feel comfortable.

We will talk to you about why you have been referred to our team, and how everyone could help you.

We may have to talk to you about some of your experiences that are hard to think about. We will do this sensitively.

We will then write reports to help the people who work with you.

## Who might I see?

Our team includes nurses, doctors, psychologists, and social workers.

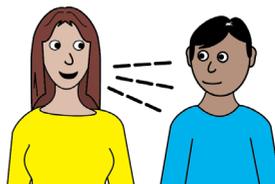

We may come speak to you with someone you already know well.

## What happens after the appointment?

We may need to talk with you a few times to get all the information we need to be able to help.

When we've done this we will share our assessment with you, and the people who work with you.

We will then talk about how best everyone can help you.

We will always listen to your wishes.

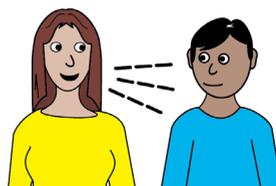

## What if I don't want to see you?

We hope that you will want to talk to us.  
We will try and see you somewhere you feel comfortable.

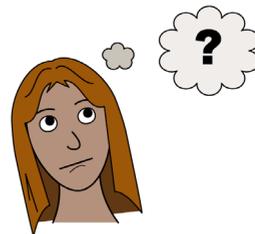

At the appointment we can talk through any worries that you have.

If you still don't want to see us, talk to someone who works with you.

## Will my information be confidential?

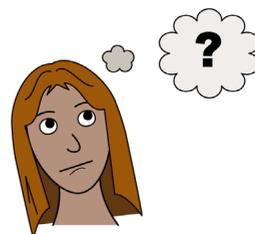

We will only share information with people who work with you.

We will talk about this with you at your appointment.

## How can I give feedback about the service?

You can give feedback at:  
[www.yorkshireandhumberfcamhs.co.uk](http://www.yorkshireandhumberfcamhs.co.uk)  
Or we can give you a form to fill out at your appointment.
