TOP TIPS for staying safe on social media

TOP TIPS to use social media safely...

Don't be a sheep, be an individual on your social media, be yourself.

Make sure you post appropriate pictures and statuses because if you are looking for a job in the future, employers may be able to look at your social media and see stuff.

Ask yourself: would you be happy for your family to see what you are about to post?

Remember: anything you post may forever be on the Internet
